## **Islamisation of Europe: When will Russia react?**

*by C. Jahn, 23 June 2014*

<http://gatesofvienna.net/2014/06/islamisation-of-europe-when-will-russia-react/#more-33627>

Some interesting thoughts from Herr Jahn. But the notion that Western European countries will become so Islamized that they'll attack Russia is simply preposterous. Such countries have systematically neutered themselves since World War II and become a bunch of impotent Tolerist loons. Their hordes of Muslim immigrants may be aggressive, intolerant, and filled with hatred for everything non-Muslim. But that doesn't make them competent to run the economy *or the military* of a nation-state. Should a few of them even begin to look like succeeding in efforts to (1) actually take control of a country and (2) actually run it, the Russians will put them down ruthlessly, long before they can pose a genuine threat. And I hope that long before any such thing might happen, the good people of Europe will rise up, throw off their chains, and rid the continent of Muslims and leftists. —*Don John*

Perhaps the very best account of the battle is in this wonderful book. Most of our aircraft were inferior to those flown by the Japs. All the U.S. pilots knew the odds were badly against them. Owing to the exigencies of battle, many of those in the worst planes knew that death was certain. They did their duty nonetheless.
