Washington Post pays Susan Rice (!) to lecture Donald Trump about telling the truth

22 March 2017

Just a few of the many hundreds of Comments from outraged readers:

Mitwit 11:20 AM EST Did someone at WaPo pay Ms Rice, a confirmed liar, to write this. This, like WaPo is not news worthy. Why would anyone listen to this. The story belongs on SNL, but they try to be realistic...

Denise Smith 11:20 AM EST Susan 'Benghazi' Rice.... THAT Susan Rice. WaPo...the worst in 'fake news'. And, I'm old enough to remember that would have been called for what it is a LIE.

MrReasonable 11:19 AM EST Seriously? The woman who went on the Sunday shows and lied through her teeth is now talking about honesty? Why would the Washington Post give this disgraced woman a forum?

Out_Here_In_America 11:16 AM EST Susan Rice - honesty? ROFLMAO BENGHAZI Of course, the WaPo sees no irony here. All part of beating the Democrat drum.

A. Adams 11:14 AM EST This is the most hilarious story I've read!! Susan Rice lecturing us how the White House should not "stretch the taffy". WP, have you NO dignity?????

TimothyLane 11:14 AM EST Rice seems to have tossed into a memory hole such embarrassments as going on to 5 different Sunday shows to parrot Big Brother Barry's lies about Benghazi. Or maybe she just totally lacks any form of self-awareness or introspection.

aowg42 11:13 AM EST One of the last people who should be talking about not twisting the truth. Please get someone with some credibility to speak about the Trump WH and the truth. Another WaPo article slamming Trump admin. When you display such blatant bias, it is hard to get people to take what you say that seriously. Please understand that point, WaPo.

MistyRose 11:13 AM EST That the Washington Post allows Susan Rice to stand on her broken down and nefarious soap box to tout honesty!?!? Really!?!? Incredible. This truly speaks to the level of cover Obama and his administration received not only from this paper, but from much of the main stream media. Seems impossible to believe that this pile of doo-doo could smell any more than it does, but this commentary just added a spritz of additional stench.

Helen Pearson Souza 11:12 AM EST Well, just when I thought Obama's sycophants could go no lower, out pops Susan Rice again, slithering like a snake in the grass! I am incredulous. Not that Ms. Rice would not be capable of writing such drivel, but that any news outlet would publish it. Great balls of fire..are we never to be released from Obama hell?
