## **defend Christopher Columbus**

by *Charlotte Cushman*, 10 Oct 2011

I am a Montessori educator and work with children of two and a half to six years of age. Every October, my students learn the story of Christopher Columbus. We start with learning about what the world was like when Columbus was alive... ## The Battle of Tours-Poitiers, 732 A.D.

Historians have assigned various October dates to the first crucial battle to halt the malign advance of Islam in western Europe. Some say it took place on the 10th; others say it was the 18th or 25th. But **Victor Davis Hanson** says it was October 11. That's good enough for me.

**One of the most momentous battles in world history was fought on October 7, 1571.**

### Remember Lepanto!

by Robert McMullen

...Now, the Turks had raised a fleet of 181 ships, carrying some 30,000 soldiers, and Malta was the prize they sought. Their goal was to plunder and sweep all the ships of Christian Europe from the Mediterranean. Then, in control of the sea lanes and trade routes, with their naval and economic power supreme, all of Europe would be set to fall before them.

The Turkish fleet appeared off the coast of Malta, and laid siege to the island. All through the summer of 1565 the contest for Malta raged...

**Lepanto**, by G.K. Chesterton

White founts falling in the courts of the sun,  
And the Soldan of Byzantium is smiling as they run;

There is laughter like the fountains in that face of all men feared,  
It stirs the forest darkness, the darkness of his beard,  
It curls the blood-red crescent, the crescent of his lips,  
For the inmost sea of all the earth is shaken with his ships.  
They have dared the white republics up the capes of Italy,  
They have dashed the Adriatic round the Lion of the Sea,  
And the Pope has cast his arms abroad for agony and loss,  
And called the kings of Christendom for swords about the Cross...
